EDUCATION

B. Tech in Computer Science and Engineering *CGPA: 7.01/10*
Moradabad Institute of Technology *2023 - 2027*
Moradabad, India

SKILLS

Technical: SQL Database, Python, Data Visualization, Data Analytics, Java Programming, REST API, AI/Automation, Insights Generation

Tools: MySQL, Power BI, MongoDB, Star UML, Apache Kafka, VS Code

CERTIFICATION

JPMorgan Chase's Software Engineering Job Simulation *15 March-2026*

TATA Data Visualization: Empowering Business with Effective Insights *26 March-2026*

GUVI | HCL: Data to Dashboards-Power BI & Tableau *18 Feb-2026*

Office Master: Ai-Powered interactive Dashboards in Power BI *11 Feb-2026*

EXPERIENCE

Virtual Internship:

- **JPMorgan Chase Software Engineering Job Simulation on Forage** *Feb 2026 - March 2026*
  Developed expertise in project setup and backend system design, implementing Apache Kafka integration to enhance real-time data streaming efficiency by 20%. Worked with H2 relational database for data storage and management, and integrated external REST APIs to enable seamless system communication.
- **Tata Data Visualization**: *March 2025 - March 2026*
  Completed data analysis and business intelligence techniques to frame business scenarios and identify key problems. Selected and created appropriate data visualizations and dashboards to effectively communicate insights and support data-driven decision-making. Delivered actionable insights and analytical findings through structured storytelling, enhancing stakeholder understanding and business impact.

ACADEMIC PROJECTS

Jarvis Voice Assistant *Oct 2025 – Dec 2025*

Developed a Jarvis Voice Assistant capable of performing voice-based and text-to-speech technologies. Implemented features such as voice commands, web search, application control, and system automation. Completed a project developing a voice-controlled assistant using Python, speech recognition, and text-to-speech libraries to process voice commands, perform web searches, open applications, and automate basic system tasks.

POSITION OF RESPONSIBILITY

Society Titles

Event Coordinator for NSS, led sessions for 300+ students on national service schemes, improving participation by 20%.
